**REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art does not show that the claimed connection between diameter and residence time would necessarily be present as required for inherency. (see MPEP §2112 and *In re Oelrich*, 666 F.2d 578, 581-82, 212 USPQ 323, 326 (CCPA 1981). And further, it would not have been obvious to one of ordinary skill in the art at the time the invention was made to control the residence time of the carbon containing precursor in the reactor to control the diameter of the carbon nanotubes while increasing the growth reactor temperature in the method for controlling the diameter of carbon nanotubes grown by CVD or PECVD in the range of about 0.2-100 nm of the instant claim 1 (see Appeal Brief arguments pages 5-6, and the affidavit).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
